Thats what happens to Jas, a Grade Seven boy who is putting all his energy into completing the artwork for an adventure comic he hopes will be his ticket into an elite summer art program. But when he meets Wren, an eccentric, crusading classmate, his efforts are derailed. Initially, Jas has no interest in getting involved, but circumstances and Wrens overpowering personality keep drawing him in until there is no going back. Wren is a person of values. She believes that if youre not part of the solution, youre part of the problem. When she sees things that are wrong, she sets out to correct them. Eventually she becomes the target of bullies, then, because of Jass inadvertent interference, the bullies turn their attention to him. They destroy his comic and his chances of getting into art school. What can Jas and Wren do to end the bullies reign of terror?
