

## Peace of mind

It may seem strange for a man to write a book about peace of mind in this age of fierce turmoil and harrowing doubts. I have written this book in the conviction that social peace can never be permanently achieved so long as individuals engage in civil war with themselves. In this book I try to present some answers that have proved helpful to me about the universal human dilemmas of conscience, love, fear, grief, and God-- crucial problems that present themselves in every kind of society, and, I believe, will present themselves as long as man is man. --Joshua Loth Liebman
