

Where the Sand Meets the Sea

WHERE THE SAND MEETS THE SEA is a collection of sea stories told the author by both his Grandfather, Arthur F. Phillips and Grandmother Emma C. Eledredge, Phillips, whose father was a sea Captain who sailed to the Orient in the middle to late 1800s. The author having a love for the sea includes his own concept of sea stories and poems of what the life of seafaring men and women faced in the days of sail. The author was born and raised in Chatham, Mass., once not much more than a small fishing village at the end of the days of sail and heard the tales of the sea as told by those who lived them. He also remembers seeing ships of sail pass by Chatham when he was a young child.
